

**Smart. Affordable.
Effective.**

Those are some of the words our customers use when asked about **BrightScribe** services to help design, develop, and update their websites.

BrightScribe focuses on helping customers build their business with an initial web presence:

- Identify web site needs
- Create a lasting, positive customer image
- Provide self-service information and resources for your customers

BrightScribe

Specializing in Small
Business Marketing

Manufacturers. Realtors. Volunteer Organizations.

Whatever your business, a website works 24x7 to promote your business. Without a website, your customer-reaching opportunities drop significantly. At **BrightScribe**, we work with you to design, develop, and then implement a web presence to get you noticed by your customers.

Whether you are a butcher, baker, or candlestick maker, **BrightScribe** can help! Give us a call at 678.234.7053 today!

Strategies. Images. Content.

In addition to website development, BrightScribe specializes also provides strategic communications consulting for small businesses. From workshops on corporate communications to one-on-one presentation skills training, BrightScribe will work with you to make a more positive impression, create strategies that work for your business, develop more effective written communication techniques. Call us at 678.234.7053 or visit us at www.BrightScribe.com today!
